

Settling In

We will spend lots of time this term supporting all of the children to settle into their new class.

We will establish routines, set classroom rules and talk about why these are important so that we can all play and learn together.

We will explore our classroom finding out where resources belong and what we can use to support and extend our learning.

We will talk about our feelings and how to express these safely. We will practice sharing and taking turns.

Super Me!

In history this term we will explore our own past, finding out about how we have changed using photos to support us and creating simple timelines.

Soup

This term we will make our own class soup- we will taste different vegetables and fruits before voting for which to include in our recipe. We will learn how to prepare different vegetables and fruit learning how to chop safely.

Marvellous Me

Term 1 Ash Class

Super Seasons

We will name the seasons and explore how trees and wildlife change and behave in Autumn.

We will explore and record the weather, talk about our favourite weather and identify the best clothes to wear in different weathers.

We will perform simple tests to find out about autumn wind, how fast it is blowing and in which direction.

Where we Live

We will find out about Box, identifying the key buildings and features of our Village. We will make simple maps of our village.

We will find Box on a map of the world, name the United Kingdom and the four countries which make it up.

We will look at photographs of London and explore how the capital city is different or similar to Box.
