Evidencing the Impact of Primary PE and Sport Premium 2017 - 2018

Vision for the Primary PE and Sport Premium

All pupils leaving primary school **physically literate** and with the **knowledge, skills and motivation** necessary to equip them for a **healthy, active lifestyle** and **lifelong participation** in physical activity and sport

Schools must use the funding to make **additional and sustainable** improvements to the quality of PE and sport they offer. This means that you should use the Primary PE and Sport Premium to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

It is expected that schools will see an improvement against the following 5 key indicators:

1. the engagement of all pupils in regular physical activity - kick-starting healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

Under the Ofsted Schools Inspection Framework, inspectors will assess how effectively leaders use the Primary PE and Sport Premium and measure its impact on outcomes for pupils, and how effectively governors hold them to account for this. Schools are required to publish details of how they spend this funding and the effect it has had on pupils' PE and sport participation and attainment.
