ENVIRONMENTAL REVIEW

We have been busy working through our Environmental Review for this year. We have looked at all the amazing things we do in the school! But, we have also had a look at the things we could improve in the school to make us more eco friendly!

We can't wait to share with you soon all the wonderful ideas we have to make our school more eco friendly.

We will be sharing our action plan for this year with the pupils, teachers and parents soon! We hope you are as excited as we are!
