

Willow Class Homework - Year 2 - 'Be Water Aware!' Date set; 30/6/23 Due in by;  
6/7/23

This week in our Key Stage assembly, we have been learning about how to be aware of the dangers when in or near water with the Dorset and Wiltshire Fire Service.

I would like you to think back on the key messages that you learnt. Which do you think are the most important to tell somebody to help them 'Be Water Aware!'

List your ideas clearly, using bullet points, dashes, numbers or letters to organise your points. If you would like to, include an illustration to go with your list.
