

Tuesday 4th February 2025

**Big Wreath Project in Box**

Thank you to everyone who supported the community wreath making project that was organised by a group of our parents. The project raised £104.05 which has been given to Friends of Box School to use for an activity to support the children's well-being in the near future.

**World Safer Internet Day 2025**

This year's World Safer Internet Day takes place on Tuesday 11th February with celebrations and learning based around the theme of 'Too good to be true? Protecting yourself and others from scams online'.

In school the children will be using age appropriate resources to explore the theme and grow their understanding.

The UK Safer Internet Centre has also put together some top tips for various age groups, including parents, on their website:

<https://saferinternet.org.uk/safer-internet-day-2025-top-tips>

**End of Year 6 tests**

Miss Reed and Mrs Ashton will be holding a meeting for Year 6 parents on Thursday 13th February at 3:30pm to share key information about the key stage 2 tests and answer any questions.

**Mrs Williams**

We are very sad to share that Mrs Williams will be leaving us at the end of this term. Mrs Williams has been with us for more than 18 years as a Teaching Assistant and MDSA. While she has mainly worked with our key stage two children, she also works in Oak Class at the start of each day and as an Emotional Literacy Support Assistant. Many children across the school have benefitted from this additional support.

Mrs Williams is well known to all of the children, she's helped on so many class trips over the years. She is also the person children go to if they have fallen over or had a bump in the playground. We've also been grateful for the many lovely backdrops she created for performances over the years, sharing her artistic talents. We are going to miss Mrs Williams and wish her the very best as she embarks on new adventures.

**Head Lice and Nits**

Head lice and nits are common in young children and their families. They do not have anything to do with dirty hair and are picked up by head-to-head contact.

The UK Health Security Agency's guidance to schools is to encourage parents/carers to give regular head checks and provide good hair care to help identify and treat head lice early. You can find out more about what to do on this [NHS webpage](#).

17/07/25 - Yr 6 Young Apprentice  
23/07/25 - Leavers' service 2pm in the church & last day of term  
24/07/25 - SDDay

## Think Pharmacy First

Most pharmacies in England are now providing the Pharmacy First service. This free NHS service allows you or your child to get quick access to healthcare advice for the following seven conditions:

- Earache (aged 1 to 17 years)
- Impetigo (aged 1 year and over)
- Infected insect bites (aged 1 year and over)
- Shingles (aged 18 years and over)
- Sinusitis (aged 12 years and over)
- Sore throats (aged 5 years and over)
- Urinary tract infections (UTIs) in women (aged 16 to 64 years)

If you or your child has symptoms that suggest you may have one of these conditions, you can walk into a pharmacy and be offered a consultation with a pharmacist in a private consultation room. The pharmacist will provide advice and, if clinically necessary, a prescription medicine to treat the condition (the normal NHS prescription charge rules apply to people aged 16 and over).

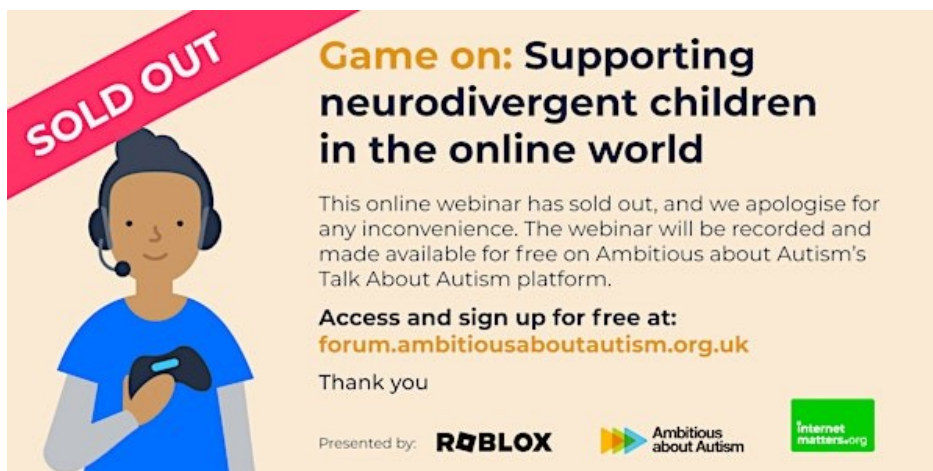

Find out more by watching the [Pharmacy First animation](#) or visiting [nhs.uk/thinkpharmacyfirst](https://nhs.uk/thinkpharmacyfirst)

## Game on: Supporting neurodivergent children in the online world

Ambitious about Autism, in partnership with Internet Matters and Roblox, ran a free webinar for parents and carers of neurodivergent children and young people. All places sold out for the live webinar on 29th January, but a recording of the session is available (details in the picture).

The session covers a range of important topics, such as:

- Understanding life online for neurodivergent children and young people
- Insights from the online gaming research project
- Practical tools & resources to help you support your child in the online gaming world
- Tips to help your child stay safe online

**SOLD OUT**

### Game on: Supporting neurodivergent children in the online world

This online webinar has sold out, and we apologise for any inconvenience. The webinar will be recorded and made available for free on Ambitious about Autism's Talk About Autism platform.

**Access and sign up for free at:**

## Brodie's CPR Campaign

Born out of a real life experience by a Wiltshire parent, Brodie's CPR Campaign is raising awareness of emergency paediatric CPR. It encourages parents to watch the training video provided by the British Red Cross, either by following the link below or scanning the QR code in the poster.

Baby CPR video : <https://www.youtube.com/watch?v=lzCZbR5rtwU>

# CPR FOR A BABY

## 6 Simple steps

- 1** Check if your baby is breathing
- 2** Call for Help Dial 999
- 3** Give 5 rescue breaths
- 4** Give 30 compressions
- 5** Give 3 rescue breaths
- 6** Continue CPR until help arrives

Simply scan and follow on YouTube via the QR code below for your **COMPLETE GUIDE TO BABY CPR** it may just be the most important thing you do today!

Your Complete Guide

Help save more babies lives!
