

Key Stage Two Home Learning - Thursday 22<sup>nd</sup> January 2026

Today, the children were visited by Wiltshire Police to learn about how to keep themselves safe whilst online. Home learning is to **share with your parents/carers what you have learned** and have a **discussion** together about the key points. The powerpoint for you to discuss is on our homework page on the school website.

**What does 'rock' stand for?**

**What does a 'safe' online profile look like?**

**What should you do if you think that someone might be being 'cyber-bullied'?**

**What did you and your adults chat longest about?**
