

The Mystery of Who Accidentally Picked the Poisonous Mushroom **Answers**

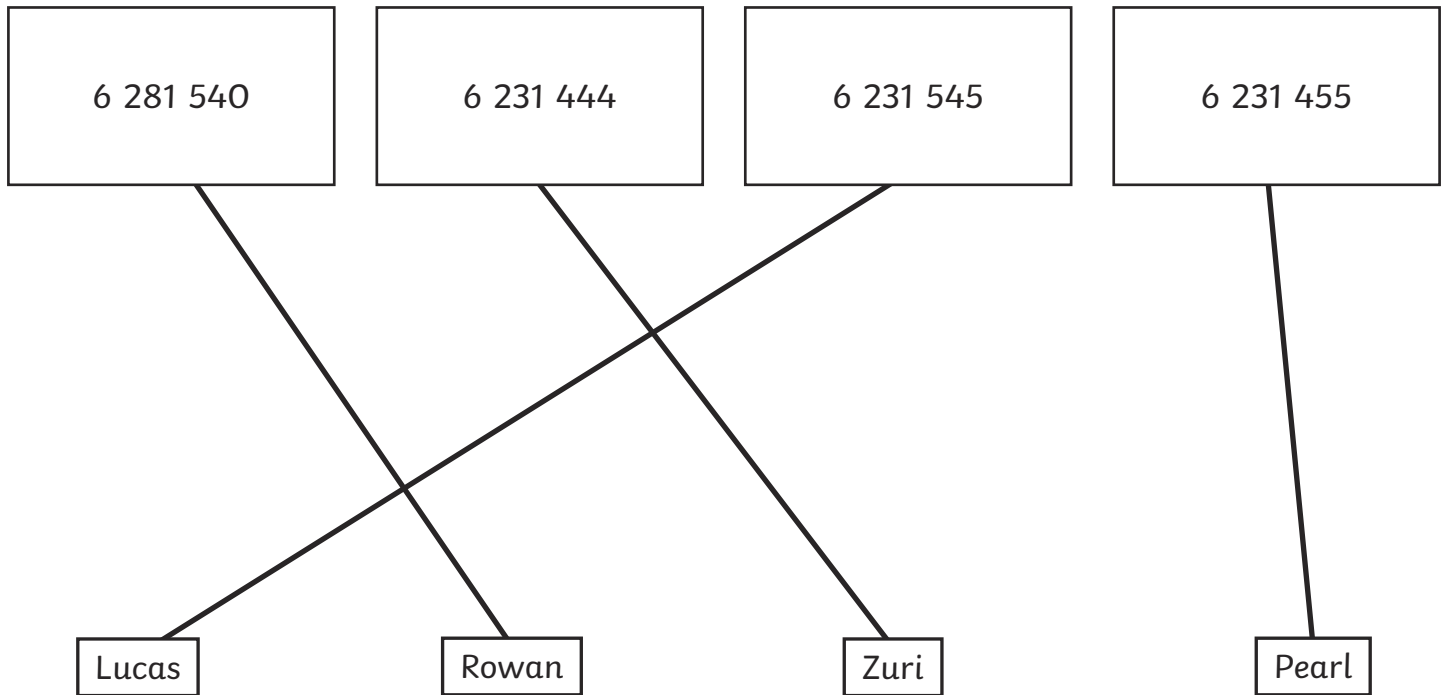

Clue 1: Numbers up to 10 000 000 Maze

START	$1\ 420\ 058 = 1\ 000\ 000 + 420\ 000 + \mathbf{58}$	$\mathbf{6\ 391\ 520} = 6\ 000\ 000 + 391\ 000 + 520$
$\mathbf{5\ 035\ 547} = 5\ 000\ 000 + 35\ 031 + 516$	$\mathbf{2\ 482\ 512} = 2\ 000\ 000 + 482\ 111 + 401$	$\mathbf{9\ 157\ 605} = 9\ 000\ 000 + 157\ 002 + 603$
$8\ 053\ 418 = 8\ 000\ 000 + 53\ 005 + \mathbf{413}$	$\mathbf{3\ 963\ 770} = 3\ 060\ 000 + 903\ 000 + 770$	$4\ 508\ 542 = 4\ 000\ 000 + 508\ 000 + \mathbf{542}$
$1\ 490\ 608 = 1\ 000\ 000 + 490\ 000 + \mathbf{608}$	$7\ 035\ 511 = \mathbf{7\ 000\ 012} + 35\ 000 + 499$	$1\ 485\ 505 = 1\ 000\ 000 + \mathbf{485\ 001} + 504$
$5\ 943\ 451 = \mathbf{5\ 000\ 108} + 943\ 000 + 343$	$\mathbf{4\ 632\ 901} = 4\ 000\ 000 + 632\ 000 + 901$	$6\ 920\ 807 = 6\ 000\ 000 + 920\ 101 + \mathbf{706}$
wellies	trainers	sandals

Clue 1: The child who accidentally picked a poisonous mushroom wore **wellies** in the forest.

The Mystery of Who Accidentally Picked the Poisonous Mushroom

Clue 2: Rounding Puzzle

6 231 545 rosemary	6 231 444 sage
6 231 455 thyme	6 281 540 oregano

Clue 2: The child who accidentally picked a poisonous mushroom, is using **sage** as the main herb in their soup recipe.

Clue 3: Digit Detective

Set 1: 7 606 531

Set 2: 8 493 021

$$8\ 493\ 021 - 7\ 606\ 531 = 886\ 490$$

Clue 3: The child who accidentally picked a poisonous mushroom **has** made soup before.

Clue 4: True or False?

Statement							True or False?
10 hundred thousands + 80 hundreds + 20 ones = 1 008 020							true
If you add 7 hundreds to this number, the answer is 5 213 263.							false
Millions	Thousands			Ones			
O	H	T	O	H	T	O	
Adding or subtracting a multiple of 10 000 (that is less than 100 000) always changes the digit in the ten thousands column.							true
80 thousands < 800 tens							false
If you subtract 30 thousands from this number, the answer is 3 585 705.							true

Clue 4: The child who accidentally picked a poisonous mushroom **was not** absent from school during the week.

The Mystery of Who Accidentally Picked the Poisonous Mushroom

Clue 5: Negative Numbers

1) **46°C**

2) **19°C**

3) **31°C**

4) **32°C**

0°C to 10°C	10°C to 20°C	20°C to 30°C	30°C to 40°C	40°C to 50°C
	✓		✓ ✓	✓
0 to 10 mushrooms	10 to 20 mushrooms	20 to 30 mushrooms	30 to 40 mushrooms	40 to 50 mushrooms

Clue 4: The child who accidentally picked a poisonous mushroom collected between **30 to 40** mushrooms.

The child who accidentally picked a poisonous mushroom is **Kennedy**.
