

Enrichment and Pupil Personal Development at Box CE

Plant, Nurture, Flourish, Serve

'It's like a mustard seed that man took and planted in his garden. It grew and became a tree and the birds in the sky nested in its branches'. Luke 13:19

Whole School Focus Events

We prioritise enrichment opportunities that involve whole school participation to build connections between pupils and the wider community. Supporting pupil wellbeing is central to our enrichment opportunities to highlight the importance of self-care: mental, physical and emotional health. Our learning intentions and enrichment activities throughout the year promote our schools vision of:

Plant, Nurture, Flourish, Serve'

We celebrate World Book Day, Food and Festivals Week, Anti-bullying week & Safer Internet Day, plus child-led projects such as Year 6 stalls for Summer Fairs. All these events all broaden and enhance the education of our learners and alongside the Projects that are designed for children to have a voice as of our Curriculum, helps our children celebrate learning and important life experiences.

The Arts

All pupils participate in a varied and inspiring arts curriculum. In addition to the creative arts curriculum that is taught, pupils can attend additional craft clubs, and music clubs taught by experts. Choir and Drama productions allow children to develop confidence and express themselves and celebrate learning as part of end of year productions. An extra -curricular Drama club enables a number of children to showcase their talents as they work towards performing on a wider stage.

Learning Together Events

We hold termly open classroom showcases where parents are invited into their child's class to join their child for a learning experience to look at the work that they have done across our Curriculum. We welcome members of our community in to school to inspire pupils and support aspirations by talking about real career and life experiences. At the end of every term we have a **'Showcase' of Learning'** where parents are invited into school to share and celebrate pupils learning journeys and their success.

Extra Curricular Clubs

School staff and external providers offer an extensive range of extra curricular clubs both at lunchtime and after school including; multi-sports, dance, drama, music, cooking, gardening, music, book club, and jigsaw club to name a few. Every child is encouraged to attend extra-curricular clubs. The clubs are free to ensure equality for all children regardless of disadvantage status.

Work in the Community

Pupils are taught the importance of supporting the local community and vulnerable people around the world. We regularly hold fundraising events for local and national charities such as BBC Children in Need as well as aiding local organisations such as Box Allotment group, who help us with gardening club. Teaching about the Global Sustainable Development Goals further enriches the curriculum for real world goals.

Pupil Voice and Leadership

Pupils are at the heart every decision that we make and action that we take. We take every opportunity to listen to pupils views and involve them in the running and development of the school. Pupils are encouraged to adopt roles and responsibilities which impact decisions made. These include: Learning Councillors, Play Leaders, House Captains, Anti-Bullying Committee, Parent tourists. These important roles are spread out across the school and encapsulate are school vision.

Visits, Visitors and Residential Trips

To enhance and enrich our connected curriculum, pupils have the opportunity to participate in educational visits to local museums, land sites of local interest. We carefully plan school trips each year to support the taught curriculum and allow the children to develop their independence whilst experiencing outdoor and adventurous activities, supporting their development of self agency. Where visits, are not possible, we invite outside providers into school to give the children stimulating and immersive experiences such as visits from Anglo Saxon experts.

Outdoor Learning

Pupils benefit from extensive outdoor space. All children are encouraged to learn outside as much as possible. We have games equipment outside to support pupils achieve their exercise goals. Pupils share that break times are one of their favourite things at school as they are encouraged to free flow from place to place. We are also encouraging 'co-operative play' through toys and games at break times, with our toy and games boxes.
